

20 March, 2018  
PATTAYA, THAILAND

If you're attending ADFEST 2018 in Pattaya, Thailand this week, don't forget to download the ADFEST 2018 app.

The app contains everything you need to get the most out of ADFEST 2018, with a day-by-day breakdown of this year's program, an introduction to jury members, the latest news and videos created by the ADFEST buzz team, a definitive guide to the best restaurants and entertainment in Pattaya, and all of this year's finalists and winners.

New features include notification messages, which will alert you when sessions, workshops, parties, award ceremonies and other events are about to begin. We've also added ADFEST Connect to the app – a networking tool that makes it easy to connect with other ADFEST delegates.

“Our app is designed to help people get the most out of this year's festival with a complete program guide, all the latest news, photos and videos, real-time notifications, plus access to ADFEST Connect,” says Kem Suraphongchai, Festival Director of ADFEST. “It's also the best place to find out if you've been nominated as a finalist this year, or won a Lotus Award, because we'll publish all shortlists and winners lists.”

Download the ADFEST 2018 app via the App Store, or for Android via:
